■ How to eat or drink

Safety for human consumption through mouth was confirmed by Japanese Government. Ministry of Health, Labor and Welfare confirms its safety for human consumption in its notification of the bulletin No. 120, Food Additives List in 1996.

It is not medicine or drug intended to cure any disease. Thus, there is no strict restriction for the amount of frequency of consumption through mouth.

However, we recommended to take

- 1 to 6 bags a day
- Whenever at the time of awakening, bedtime, between or before or during meals.
